

"The Parent Transportation Commitment Survey was instrumental in placing students who need bus transportation on a bus. Students have been assigned a seat on both the morning and afternoon bus runs. At this time, we cannot accommodate exceptions or changes to these bus runs. If circumstances change and a student needs bus transportation, it may take some time to get them a seat on a bus due to bus capacity restrictions. If you are new to the District please contact your school office to arrange your transportation."
