

How to upload photos from iPad to Google Drive?

Following are the steps to upload photos from iPad to Google Drive:

1. Tap the "Google Drive App" on your iPad.
2. If you don't have a folder for your photos it is recommended that you create one. Then open the folder you want to save your photos to.
3. Tap the "+" button located at the top-right corner of the screen.
4. Select "Upload Photo or Video".
5. Tap "Camera Roll".
6. The "Camera Roll" window opens up. Select the photos (which you want to upload)
7. Tap the "Upload" checkmark button.

Tip: Be sure that your iPad setting allow photo uploads to Google Drive. Tap "Setting App" & click "Privacy". Tap Photos, & make sure that the ON/OFF switch next to Google Drive is turned ON.
